Ensure you get the right document

When you get your membership to the Lutheran church annulled, it is important to do it the right way in order to get the tax you have paid to the Lutheran church moved over to the Catholic Church.

You need to ensure that you have a letter from the Lutheran parish office to give to the tax authorities.

The letter must have the following information in it:

1. That you have never been a member of the Lutheran church. (You cannot be a member of the Catholic and the Lutheran church at the same time)
2. That you have now annulled your membership to the Lutheran church with retroactive effect from your date of entry in the country.

You need this letter in order to apply for a refund for up to 10 years church tax paid with the tax authorities in Denmark.
